

Kennedy Primary Kindergarten Roundup

WHAT: Getting ready for Kindergarten is an exciting time for students and their families! With that in mind, Kennedy will be holding our annual Kindergarten Roundup. During the roundup, children will be given a Brigance screening and will also have an opportunity to have their vision checked. The total screening and pre-enrollment should be completed in about 45 minutes and parents will receive a folder of information along with registration paperwork.

WHO: Parents and their children starting kindergarten in the fall of 2017. Only children who will be five years old, on or before August 31, 2017 will be eligible for enrollment.

WHEN: Friday, April 21, 2017
7:30 a.m. to 4:00 p.m.

WHERE: Kennedy Primary School

Parents need to bring the following information:

- Birth certificate
- Immunization records
- Proof of a recent physical exam, if available, at this time
Physical forms are available at the USD 435 web site: www.abileneschools.org
under the heading **Nurse Information** or at the school office
- Names of emergency contacts and phone numbers
- Parents work and cell phone numbers

All forms must be received by the start of school in August. Your child will not be able to attend without these forms.

If parents are unable to attend the roundup on April 21, please call the Kennedy Primary school office at 263-1088. This will enable us to have a more accurate account of students planning to attend our school in the fall.

Thank you,

Dr. Twyla Sprouse, Principal
