-This is so you can see the car coming and they can see you. Gives you more time to react if needed.

3. DRINK WATER. Throughout the day at school, try to drink at least 64 oz. of water.
4. Always run on the course given out by a coach.
-If you run a different route, you will get lost and the coaches will have no idea where to look for you.
5. Do no get a ride from anyone other than a coach in a school vehicle.
6. Two coaches will have school vehicles every practice. Runners may put bags, water bottles, etc in the vehicles before practice.
