State Assessment Results:

You may request a copy of your child's state assessment results by contacting the school office or the assistant superintendent at the board of education office.

Please note: Kansas implemented a new state assessment in the 2013-14 school year. There were multiple technical issues with this assessment. Because of these issues the assessment was deemed unreliable. There will be no district, school, or student level results for the 2013-14 school year.
