

Staff Survey Info

AHS

ADA	Running Water and handicap accessibility for school nurse office
ADA	ADA accessibility to Shop
ADA	Handicapped accessibility
ADA	More Wheelchair accessibility - the whole building including the gym
ADA	Handicapped Accessibility issues
ADA	More handicap accessibility
ADA	Handicapped accessible elevator
ADA	New Elevator
ADA	New Elevator
ADA	elevators
ADA	Elevator Access issues for special needs kids coming from elementary schools
ADA	Elevator
ADA	Improved Elevator system
ADA	Usable Elevator
ADA	Usable Elevator
ADA	Unsafe Elevator
ADA	New elevators and or better ADA accessibility
ADA	Better Flow of School for Disability
Auditorium	New Auditorium
Auditorium	New or reconditioned Auditorium
Climate	Climate control in Shop
Climate	Climate control for Classrooms
Climate	Climate Control throughout the building
Climate	Central Air and Heat
Climate	Central Air
Climate	Central Air and Heat
Climate	New Air conditioning - window unit is very noisy
Climate	Airconditioning/heat
Climate	Climate control in classrooms
Climate	Better air/heat
Climate	AC/Heating (window unites so loud, poor work - heat inconsistant)
Climate	Central cooling - no window units
Climate	Airconditioning - one that works, doesn't smell, isn't too loud
Climate	Air conditioning that is quiet and cleant and efficient
Climate	Quieter Cooling System
Climate	Heating and Cooling
Climate	Air Conditioning/heating issues - need cooling and heating units that are not noisy,
Climate	Very noisy/distracting heating
Climate	Ability for teachers to control heat and AC in their rooms
Climate	Better heating and colling units
Climate	Climate control classrooms
Climate	Better Heating and cooling
Climate	Climate control in classroom (replace boiler)
Electrical	Plumbing and electrical updated
Electrical	New Electrical and Plumbing throughout

Electrical	New Plumbing and Electrical throughout the building
Electrical	increase electrical accessibility
Electrical	increased electrical outlets in classrooms
Electrical	Increased electrical accessibility (more that tow outlets in rooms)
Electrical	Access to more outlets and power
Electrical	Increased Electrical Service in Rooms
Electrical	New Electrical
Electrical	Electrical outlets - need more of these in every classroom
Electrical	Breaker issue connected with AC use frequently trips
Electrical	Full Electrical outlet capacity in the Agriculture shop and greenhouses
Electrical	Increased electrical accessibility
Electrical	More plug-ins for students
Electrical	Electrical Update in shop
Gym	Another Gym
Gym	Update Current Gym
Gym	Need New Gym(more space for practices, old locker rooms, no storage, more room
Gym	New Gym
Gym	Need new Gym and old Gym refurbished
Gym	Need a practice Gym
Gym	New Gym and storage
Gym	New Gym Floor
Gym	A 4A school with 2 gyms
Gym	New Gym and Gym Floor
Gym	Gym space/ practice facilities
Gym	Access to gym for wheelchairs
Gym	Another gym
Gym	Gym Space
Gym	Practice Gym and more storage space
Gym	Another gym and PE Lockerooms
Gym	Gym Entrance/ticket taking area could make it more welcoming for students and ouble
Safety	Safety shut offs to lockout machines
Safety	Too many Entrances and exits
Safety	Office more acessible to public
Safety	All classroom doers to lock from inside - smoother lockdown/safety
Safety	Office safer place that near parking.
Safety	Security
Safety	Better security at front office
Safety	Locable Storage facilities for supplies and medications for School nurse
Safety	Better placement of office - more accessibility for student
Space	More Space for Shops
Space	Wider halls in the main building
Space	Bigger Wrestling Room
Space	Bigger Weight Room
Space	New Wrestling room
Space	New Weight Room
Space	More Classroom Space

- Space Bigger Wrestling Room
- Space Coaches offices with storage
- Space Increase Weightroom - currently this size is small for the numbers
- Space Current plans indicuate a large hallway which would change classroom space. This
- Space Classroom space for MTSS
- Space Lunchroom
- Space More classroom space
- Space Need more organized and better lockerroom spaces
- Space Metal Shop and Wood Shop needs addition, ventilation, and air cleaners
- Space More classrooms
- Space Storage, room sizes, and electrical issues
- Space additional classroom spaces
- Space additional health/seminar classroom
- Space improve storage/casework in rooms
- Stadium New Stadium at Football field
- Stadium New Lockerroom - poor for the visitors
- Stadium New Stadium Bleacher. Current one leaks and creates mold issues
- Structure Wall to separate Welding and Woodworking
- Structure Improve Classrooms to the 21st Century
- Structure New Science Lab Classrooms
- Structure New High School
- Structure Bigger Hallways
- Structure Better Flow around the school
- Structure Student Lounge area
- Structure Student commons area needed - a larger area
- Structure student lounge
- Structure New Windows
- Structure Consession Stand Room
- Structure Cafeteria Update
- *CO/Gen Maintenance Bathroom Remodel*
- *CO/Gen Maintenance Bathrooms*
- *CO/Gen Maintenance Update Bathrooms*
- *CO/Gen Maintenance Remodel Bathrooms*
- *CO/Gen Maintenance Updated Plumbing/Restrooms*
- *CO/Gen Maintenance New/Updated Restrooms*
- *CO/Gen Maintenance Brighter Lights for the shops*
- *CO/Gen Maintenance Lighting in the Ag Shop*
- *CO/Gen Maintenance Up to date ventilization systems in the agricultre and woods shops*
- *CO/Gen Maintenance Interactive whiteboards/smartboards*
- *CO/Gen Maintenance Equipment for applied science building for Tech*

AMS

Climate

Seem to be hot/cold spots in the building

Climate

system

Climate

AC/Heating - inconsisten temp, humidity, moisture, and noise

Parking

Parking lots - both are huge safety concerns before/after school and are logistally not the best for parents, student, and teachers

Space

Our performance area (commons/stage is not adequately sized for performers or audience. We are in need of a larger stage & seating for Larger counseling office to accommodate small group counseling, leadership activities, and additional space to work with student's in privacy

Space

Space

Stage space limited/new curtains needed soon

Space

Space for extra classrooms

Space

Need more space - it would really be nice to have an actual place to eat

Space

need more space - Special education rooms are too small

Space

more space - classrooms, work room, staff lunch room

Space

I wish there was a larger multi-purpose room that I could use for gorup An auxillary gym for practices would be a wish list item. When the high school uses our gym, it takes away from practice time for the middle schoolers.

Space

Structure

There are no outdoor educational spaces, biology pond, garden spaces, outdoor optional seating areas

Structure

Lack of natural light in some rooms

**CO/General Maintenance The intense shaking and occasional squealing of the ventilation unit*

Eliminate locker buildin locks - the kids have no safety/privacy of their

**CO/General Maintenance belongings because all lockers are Kick open*

Garfield

ADA
ADA

Handicap accessible all over - into front of building, out onto playground, restrooms

More Handicapped accesibility

Climate
Climate
Climate
Climate
Climate
Climate
Electical

Ac in classrooms - needs to be consistent, reliable. Screens for windows - bugs and mosquitos are not helpful in classroom

No Classroom controlled heat, poor working AC

Updated heat and air - to be able to control

Heating and Cooling

Heating and cooling

Airconditioning

Electrical and Breakers

Safety
Space

Brick walls that are not smooth in Gym and hazards on the stage

Classroom Space - there just isn't enough

Workroom - need room to actually do work - right now if 2 peopl are in the workroom no one else can be in there

Space
Space
Space

Space, Space, Space

Insufficient teacher workspace

Space and Gym - Largest elementary students in the smallest elementary gym.

Space
Space

Need larger Classrooms

Space
Space

Garfield is too small - two modulars is two to many

Space
Space

Gym

Need a conference Room

Space
Structure

Larger classrooms

Larger Classrooms and meeting rooms

Run-down interior is an embarrasment to the community

**CO/General Maintenance Bathrooms need to be updated, functional, accessible*

Curb appeal, grass, landscape...Field area is full of holes/stickers/weeds

**CO/General Maintenance - errosion in front.*

**CO/General Maintenance Bats*

**CO/General Maintenance More water fountain/restroom facilities*

McKinley

ADA	Handicap playground (accessibility and play equipment for them)
Climate	Central air and heat - room tends to be too hot or too cold
Climate	Central airconditioning throughout the building. Window Acs are loud and make it difficult for kids to hear.
Climate	Central Air
Climate	Central Air
Climate	The AC in the old rooms are loud and annoying. Kids sitting near the air conditioner get cold and students sitting away from them get hot
Electrical	More outlets
Electrical	Too Few electrical outlets in the classrooms
Electrical	Electrical outlets - most rooms only have 3
Electrical	Outlets
Electrical	more outlets in classrooms
Electrical	It would be nice to have more electrical outlets in our rooms. Right now they are only at the front and back. Floor outlets in the middle of the room would be nice.
Electrical	More electrical outlets in classroom
Parking	Create a parking lot to eliminate safety hazard after school
Parking	parking - need more space
Parking	Parking
Parking	Lack of parking available for staff and parents. Parents park at Zey's to pick up kids after school
Parking	Parking space for staff and parents
Parking	If I dreaming big - parking lot or different/new area so it's not congested by the front door.
Parking	Parking space for staff and parents (we always have traffic congestion after school
Parking	Parking area for faculty and staff
Parking	Parking Area
Parking	Parking - not being able to park on the black to when coming up late at night
Parking	safety reasons
Parking	very limited for teachers. Only option is to park on the street
Parking	Parking lot on south side of bldg
Safety	Front Entrance safety: creative redesign of the main entrance to the building that is secure
Safety	Create a lunch room or music room that is also a saferoom
Safety	Secure Front Office entrance
Safety	Area for students to be picked up after school away from where buses run
Space	Conference room dedicated for meetings
Space	conference room for faculty

Space	A larger area for counselor to meet with students and could double as a conference room perhaps
Space	conference room - with phones for IEPs, conference calls, other meetings
Space	Need room for counselor's office, a meeting area for staff other than a classroom
Space	Counselor's office
Space	More office area with a place for meetings
Space	Another classroom or room for all or our rdg/MTSS resources
Structure	Add on more classrooms to keep class size at 20 or lower and to free up room for the counselor, parent meetings, etc
Structure	Enclosed playground
*CO/Maintenance	<i>Put concrete between sidewalk and edge of play area at the new end of the building</i>
*CO/Maintenance	<i>drainage from roof (downspout) at the new end of building to the sidewalk on playground side is Dangerous during winter (Freezing water on sidewalk)</i>

Kennedy

- ADA Accessibility Ramp on Northwest recess doors needs to have a railing on the end to make it safer for wheelchairs
- Climate New Air/heat system
- Climate Stable heating & air for all rooms
- Climate Aging heating and air unit - air quality
- Climate Fix heating/cooling system

- Climate This doesn't really affect me as much as others, since I am in the new addition, but I think the heating/cooling system needs updated in the rest of the building. It would be nice to be able to control temperature in my classroom. Now heat or air is either on or off
- Climate Heating and Air system updated
- Climate New heating and air system for the building
- Climate New AC/heating units
- Safety Increase our school security if the office was reconfigured so that people were forced to enter our office when they entered.
- Space I think having a room for the gym and a separate room for the cafeteria will be a good idea. This would make scheduling much easier. A combination gym/cafeteria presents several scheduling issues. If we had an additional one of those our lunch schedule would be much improved. We could also separate our two grades putting one grade in each location prior to school starting in each morning. We could have indoor recess during lunch as well
- Space We would benefit from a larger office suite that included separate and private offices for speech, counselor, OT, PT, social worker....

- Space Place for physical activity during indoor recess or covered area to go outside
- Space Quiet secluded areas for testing
- Space Some classrooms for OT, Pt, Teacher testing or aids and para's working one on one with student. Most of these people work in the halls.
- Space *CO/General Maintenance Bathrooms - old/don't work well
- Space *CO/General Maintenance Carpet - general updating

- Mold and Mildew in heating /ac vents in old part of building and where the new addition was added. It leaks there and it really smells like mildew when it rains*
- *CO/General Maintenance Old bathroom sinks don't work well*
- railing for North & West side of new edition outside the north recess doors.*
- We've had 2 students with wheelchairs use that door for recess and there is a*
- *CO/General Maintenance drop off at the north end. It's also very muddy there when it rains and slick.*
- *CO/General Maintenance aging tile in bathrooms/walls etc*
- *CO/General Maintenance Grounds - general 'curb appeal' playground, grass, landscape*
- Roof/Ceiling tiles - many damaged tiles (possible mold issues) lots of staff with*
- *CO/General Maintenance headaches/other health issues*
- *CO/General Maintenance Mold in ceiling tiles and vents cleaned*
- *CO/General Maintenance Strip and clean grout/tiles in bathrooms/walls*
- Student Bathrooms - many times students are saying toilets in boy's bathroom*
- *CO/General Maintenance flooding. Sinks no pressure.*
- Carpet - I'd love to have carpet so that students can work together/independently on the floor more comfortably. They are on the floor a*
- *CO/General Maintenance lot.*
- outside/hallway door to back of sped/speech/nurse's room to allow for less distractions entering through SPED room & easier access. We have looked at this before on west side of the little back room, door would open into the*
- *CO/General Maintenance hallway.*
